NetComm signs global master agreement with Etisalat

On 17 November 2009 NetComm Limited announced that it had received its first order for the UAE from telecommunications provider Etisalat.

NetComm Limited has now received a Global Master Agreement for the Supply of Mobile Broad Band Terminals with the Etisalat Group.

The Global Supply Agreement establishes NetComm as a preferred supplier for all 18 of Etisalat's carriers around the globe.

The agreement incorporates the supply of NetComm's new 3G21W embedded 3G router, the first of its kind to operate at 21Mbps using the HSPA+ (Evolved High Speed Packet Access) standard. In addition to the 3G21W, Etisalat wants NetComm's suite of 3G devices for other countries in the region including Egypt and Saudi Arabia.

About NetComm Limited

With over 27 years, experience, NetComm Limited is Australia's leading developer of broadband Internet products and services. With particular expertise in 3G/HSPA devices, NetComm offers a diverse product portfolio addressing business, consumer and specialised vertical industries.

About Etisalat

In addition to providing telecommunications services in the United Arab Emirates (UAE), Etisalat also operates in 17 other countries across the Middle East, Asia and Africa. Etisalat is ranked within the top 200 companies in the world by market capitalisation.
